

NAME: \_\_\_\_\_

1. Which of the following shows the image of  $\triangle ABC$  under the glide reflection  $\langle -8, -7 \rangle$  and  $x = -3$ ?

2. Which of the following shows the image of  $\triangle ABC$  under the glide reflection  $\langle -1, -3 \rangle$  and  $x = 1$ ?

NAME: \_\_\_\_\_

3. Find the image of  $\triangle ABC$  under the glide reflection  $\langle 1, -3 \rangle$  and  $y = -1$ .

6. Find the image of  $\triangle ABC$  under the glide reflection  $\langle -1, 3 \rangle$  and  $y = 1$ .

4. Find the image of  $\triangle ABC$  under the glide reflection  $\langle -1, -3 \rangle$  and  $x = 2$ .

7. Find the image of  $\triangle ABC$  under the glide reflection  $\langle -1, -2 \rangle$  and  $y = -2$ .

5. Find the image of  $\triangle ABC$  under the glide reflection  $\langle -3, 2 \rangle$  and  $y = 1$ .

8. Find the image of  $\triangle ABC$  under the glide reflection  $\langle -2, -3 \rangle$  and  $y = -1$ .
