*G.G.35: Determine if two lines cut by a transversal are parallel, based on the measure of given pairs of angles formed by the transversal and the lines*

1. 080901ge, P.I. G.G.35

Based on the diagram below, which statement is true?

- [A]  $b \parallel c$     [B]  $a \parallel b$     [C]  $a \parallel c$     [D]  $d \parallel e$

[1] D
